

# JUAB SPECIAL SERVICE FIRE DISTRICT

## JOB ANNOUNCEMENT

**POSITION TITLE:** Wildland Fuels Mitigation Program Manager

**SALARY:** To be determined

### **JOB SUMMARY:**

Oversee and manage a crew in performing wild land fuels mitigation work in Juab County. Functions includes working side by side and supervising employees in removing trees, brush and vegetation from public and private lands in Juab County and other assigned areas. Responsibilities include operating and maintaining pickups, transport trailers, fire trucks, chain saws, a large BobCat skid steer unit with fecon head, a commercial chipper machine, burning mitigation residue and overseeing subordinate employees in performing all equipment operation, maintenance and wild land fuels mitigation duties. Responsibilities also include preparing and submitting a monthly payroll and grant billing for mitigation work performed, seeking and applying for grant opportunities, managing grants, making a monthly productivity report to the Fire Board, and recommending hiring / firing of wildland fuels mitigation crew employees.

This position is a full time position. No County benefits including state retirement, health insurance, etc. shall be provided.

### **MINIMUM REQUIREMENTS:**

High school diploma or equivalent. Minimum 3 year's supervisory experience preferred. Selected applicants are subject to, and must pass a criminal background check. Previous experience operating, maintaining, loading, unloading and transporting Bobcat or comparable skid steer loaders preferred. Previous experience operating and maintaining chain saws, commercial chippers, small hand tools and fire trucks also preferred.

**TO APPLY:** Submit a letter of application and a completed Juab County employment Application (available at: [www.juabcounty.com](http://www.juabcounty.com) under permits and licenses) to the Juab Special Service Fire District, resume (optional), including: **1)** a summary of supervisory and related work experience, **2)** references; **3)** a signed statement identifying any relatives (including the nature of the relationship) currently employed by Juab Special Service Fire District or Juab County and any other information deemed relevant that qualifies you for this position.

Send to: *Juab Special Service Fire District, Wildland Fuels Mitigation Crew Manager Vacancy, c/o Juab Special Service Fire District, 160 North Main – Room 210, Nephi, UT. 84648*, by 5:00 p.m. on March 29, 2018.
